# TIPS FROM A LOCAL

## 1. Safe City

Vilnius is a very safe city to explore. There are no “bad neighborhoods,” and you can feel comfortable walking around both day and night. As always, use common sense.

## 2. Be Sensitive

Lithuanians value their freedom deeply. Please avoid praising communism (this is a criminal offence), the Soviet period, or showing support for Russia — these regimes brought real suffering here.

## 3. Bars & Nightlife

Friday night will be free for exploring the bar scene. In the Old Town, check out Alchemikas (cocktail bar) or Peronas (by the train station, quirky and lively). Downtown you might try Apoteka, and in Užupis, the creative neighborhood, visit Špunka (tiny craft beer bar) or Dėvėti (hipster bar with music and DJs).

## 4. Walk everywhere

Vilnius is compact and easy to enjoy on foot. Except for the “Soviet Experience” activity, all our events take place in the Old Town and city center.
